The image displays a series of Egyptian cartouches arranged vertically. On the left, there is a tall, narrow cartouche containing a dense, illegible scene. To its right is a wider cartouche featuring a central figure, possibly a deity, flanked by two birds. Further right is another tall cartouche with a central figure. Below these are four smaller cartouches, each containing a different symbol: a bird, a staff or scepter, a wavy line, and an ankh. At the very bottom of the column, there are five additional cartouches, each containing a different symbol: a bird, a staff or scepter, a wavy line, an ankh, and a small human figure.

This image displays a vertical column of Egyptian cartouches and symbols, likely from the B/Serapeum collection. The column is divided into two main sections by a horizontal line. The top section contains five cartouches arranged vertically, each featuring a different animal or bird motif above a cartouche frame. To the left of this section is a small icon of a figure with a long staff. The bottom section contains four cartouches, also arranged vertically, with the first one featuring a large Ankh symbol. To the right of the bottom section is a vertical column of symbols, including a large eye, a falcon, and several other hieroglyphs. The entire column is set against a light background with some cross-hatching and dotted lines.
